Facilitator: Mid-Point Inject (one page = two cards; cut, fold, seal)

MID-POINT INJECT · OPEN AT 12:00 · 3:05 PM

URGENT: 3:05 PM · From: Hal Brandt, Outside Counsel

Calvin Teague has responded. His public statement: *"These claims are false and malicious. Brandywine has fed Delaware families for 22 years. We will not be bullied."* He is at a local TV station now.

His attorney's letter to us says: if we **pull, return or publicly disparage** Brandywine product, he will file a **defamation suit** and pursue **breach-of-contract damages** under our exclusive supply agreement (18 months remain). No figure named.

My read: I can't tell you whether the reporter is right. You have no proof either way. If you say anything public that sounds like an accusation, you may hand him his lawsuit. If you say nothing and it's true, you are serving guests something you promised you weren't.

The article still publishes at 5:00 PM. Lineup is at 4:15. Decide.
